Hi Justin –

On Tuesday afternoon, CCILO and WLO will provide you and Kevin with a background briefing on tribal treaty rights. We are having this general briefing in advance of additional briefings in the near future that will require decisions on particular matters involving treaty rights and water quality.

I'm sending this information early, given the volume of material. The primary briefing paper is the word document; the PDF files are both for reference and background.

If you plan to read them all, I suggest the following order:

- (1) Word doc: Tribal Treaty and Reserved Rights Briefing FINAL
- (2) Tribal Treaty Rights Guidance (Policy developed by Office of International and Tribal Affairs, with input from OGC)
- (3) Tribal Treaty Rights Legal Memo, Signed by Ethan Shenkman, Deputy GC, OGC
- (4) Tribal Treaty Rights Legal Memo – Case Examples

Please feel free to contact me if you have any questions!

Thanks,
Karin
